

I believe

**I believe the Angels sang that Holy Night
When the Son of God was born
I believe the shepherds came to honour Him,
Messiah, Christ the Lord
I believe that wise men came and gave their gifts,
Gold, Frankincense and Myrrh
Yes, I believe that Heaven came to show us how
God's love could change our world**

I believe its good to feast and celebrate
With family and friends
I believe the Gospel story is enough
For Peace to live again
I believe that central to it all remains
The Child of Bethlehem
I believe that Jesus came to save us all
And God is now with men

*I believe, I believe
I believe, I believe*

**I believe that miracles can happen
And they're closer than we think
I believe we're touched by the Eternal
And we stand upon its brink
I believe a heart of stone can still become
A heart that beats within
I believe this season holds the message
That Faith, Hope and Love remain**

I believe the Angels songs lit up the hills
When the Son of God was born
I believe the shepherds came and knelt before
Messiah, Christ the Lord
I believe that wise men came from far away,
To worship and adore
Yes, I believe that Heaven came to sow the seeds
Of love upon our world
